

PAKISTAN MEDICAL COMMISSION ISLAMABAD

Public Notice Admission Offer and Demand of the Fee by the Private Sector Dental Colleges before the Closure of Admission of Private Sector Medical & Public Sector Dental Colleges

09-01-2023

As per the sub-regulation 2 of regulation 3 of "PMC Medical and Dental Undergraduate Education (Admissions, Curriculum and Conduct) Policy and Regulations 2022-23" timelines for admissions in medical/dental colleges are clearly defined and detailed as under:

Colleges	Admission Closing Date
Public Medical Colleges	31 st December 2022
Private Medical Colleges	31 st January 2023
Public Dental Colleges	15 th February 2023
Private Dental Colleges	28 th February 2023

It is being noted with great concern that private sector dental colleges are not only violating the aforementioned timelines but also, compelling students who are offered admission to deposit fee without displaying merit list.

The Commission has taken serious note of it and in case fee is received from any student prior to the closure of admissions in private sector medical and public sector dental colleges, strict disciplinary proceedings will be initiated against such college under the relevant provisions of law.

In view of foregoing, all private sector dental colleges are being advised in their own interest to be strictly compliant with the regulations and to not display merit list, offer admission or demand fee from any student unless admissions are concluded in private sector medical and public sector dental colleges.
