

PMC Performance Report for the month of September 2022

Islamabad 4th October 2022:

After the appointment of the new council of the Pakistan Medical Commission by the worthy Prime Minister of Pakistan, the council right after assuming charge started working dedicatedly for doctors, students, and relevant stakeholders and also took all necessary steps to resolve their genuine and relevant pertaining issues. Under the umbrella of the newly appointed council in just merely 30 days more than 7290 renewals and licenses have been issued followed by issuing of more than 1085 good standing certificates out of received 1801 requests, in addition, PMC also successfully made registration of 454 faculty members, registration of 338 post-graduate clinical qualifications made out of received 485 requests and within just one month time more than 110 foreign graduates have been registered against the received 186 applications. President PMC Dr. Noshad Ahmad Shaikh said that the department's priority is to facilitate doctors, students, and other stakeholders in the larger interest of Pakistan. He also added negligence of any sort will not be tolerated.
